

High-Brightness Anti-Glare Eyeball Spotlight

**Retractable and Extendable
360° Rotatable Focusing
Double Anti-Glare Design**

Tiltable & Retractable Head

Adjustable beam angle for precise light control.

360°

Horizontal Rotation
(Left/Right)

90°

Vertical Tilt
(Up/Down)

Thickened Aluminum Heat Sink

Extended Lifespan

Convection cooling design ensures fast and efficient heat dissipation, providing a safer and more reliable operation.

Rotatable Lamp Head

90° pull-out tilt for precise angle adjustment,
360° rotation to change the light beam direction.

Three Color Temperatures Available

Choose freely among three light colors to meet different lighting needs, with sustained and long-lasting brightness.

Warm White 3000K

Neutral White 4000K

Cool White 6000K

Application Scenarios

Suitable for various residential and commercial settings
(like clothing stores, showrooms, and living spaces).

Real Product Display

Suitable for a wide range of residential and commercial applications.

Product Specifications

Suitable for a wide range of residential
and commercial applications.

- Material: Aluminum

Color: Black / White

Light Color: Cool White /
Warm White / Neutral White
- Light Source: COB

Installation: Recessed

Lighting Type: Spot Lighting,
Adjustable Angle

Wattage	Face Diameter	Height	Cut-out Size	Light Color
7/12W	90mm	72mm	75-80mm	Cool White / Warm White / Neutral White
15W/20W	110mm	82mm	95-100mm	Cool White / Warm White / Neutral White
24W/30W	135mm	105mm	115-125mm	Cool White / Warm White / Neutral White
35/40W	165mm	135mm	145-155mm	Cool White / Warm White / Neutral White

All specifications are manually measured. A deviation of ± 3 mm from the actual product is considered normal.

Strong Spring Clips

More secure design prevents falling off. Anti-corrosion and rust-proof, resistant to deformation for long-lasting durability.

All Die-cast Aluminum Housing

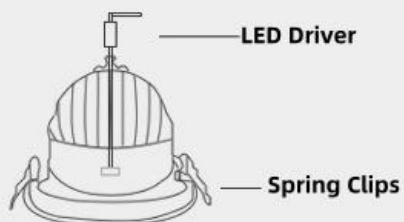

Constructed with anti-corrosion and rust-proof die-cast aluminum, ensuring efficient heat dissipation and extending the lifespan of the fixture.

QUICK AND EASY INSTALLATION

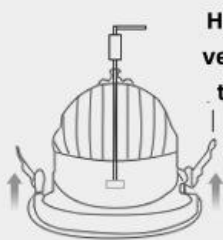

1 Cut a hole in the ceiling.

2 Connect to the AC220V power supply.

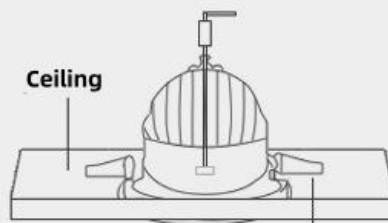

3 Insert the fixture into the ceiling hole.

Hold the spring clips vertically, then insert the fixture into the ceiling hole.

4 Installation complete.

Fixtures securely held by spring clips against the ceiling.

Spring Clips
